Angel Evolution Quotes by David Estes - Goodreads

After reading The Moon Dwellers (Book #1 Dweller trilogy), I became hook to David Estes’ style, so I decided to read Angel Evolution (Book #1 Evolution trilogy) which was his first novel. I’ d love to be able to give it the rave review that I gave Moon Dwellers, but alas, I cannot.

Smashwords – Angel Evolution – a book by David Estes

Rick Atkinson is the bestselling author of the Liberation Trilogy—An Army at Dawn, The Day of Battle, and The Guns at Last Light—as well as The Long Gray Line and other books. His many awards include Pulitzer Prizes for history and journalism.

Angel Evolution- the first book in the young adult fantasy trilogy: The Evolution Trilogy...When Taylor meets Gabriel at college, she is in awe of the subtle glow that surrounds him. No one else, not even her best friend, seems to notice.Something about him scares her.Is all as it appears? While Taylor struggles for answers, she finds herself in the middle of a century old war centered on one miraculous revelation: evolution.

It’ s been almost three years since we left Detective Jay Harper and high-priced escort Katherine Taylor on the esplanade of Lausanne Cathedral, bruised and battered from a biblical showdown with the Nephilim. Katherine has retreated to small-town life in the woods of Washington State with her son, Max—and a close protection detail of heavily-armed, elite members of the Swiss Guard. Harper is living in Paris, haunted by voices in his head and bone-tired after what turns out to be two and a half million years on Earth. Though Katherine and Harper have been prevented from remembering each other , baby Max has unwittingly stirred the interest of vengeful spirits—and only a worldwide (and cosmic) effort to save his life will bring Harper and Katherine together again. Meanwhile, from the shadows steps a defrocked priest named Astruc, whose face looks as if it has been clawed by some terrible beast and who hides his eyes behind blue lenses. He and his brilliant young ward, Goose, have discovered something unfathomable in the Catacombs under Paris, something that will confirm that “ the time of the prophecy ” is at hand. . . . Electrifying from its explosive first scene to its unexpected and shocking conclusion, Angel City reunites the unforgettable characters from The Watchers to reveal more of the earthly—and otherworldly—mysteries of the Angelus trilogy.

Bela, son of a Fallen Angel and a mortal woman, has lived for centuries. For one misstep in his youth, he was cursed and powers he had not yet learned to use were ripped away by a Guardian Angel. As a cursed half Demon, he is an outcast living outside of today’ s society, withdrawn to a safe oasis created for himself and others like him. After centuries, he finds his first human friend, his closed heart gradually opening to accept friendship and love in his life. When an old nemesis in new guise rises again to threaten today’ s way of life, the future of the world is on razor’ s edge. Characters never meant to be heroes are forced to suddenly embrace a new and terrifying role. Will there be enough time for Bela to come to terms with the past, to accept the changes, to embrace newfound abilities? Will it be enough to tip the scales in favor of the unsuspecting human world?

Demon Evolution- the second book in the young adult fantasy trilogy: The Evolution Trilogy...Spreading darkness...Guilty of treason for which the penalty is death, Taylor's angel boyfriend, Gabriel, has been captured.The fate of the world sits on a knife's edge, with Taylor being the key to everything.Taylor's aura is growing stronger, but will it be enough to save Gabriel and defeat the Archangel Council.

They were created to save humanity. Now they must fight to save themselves. For years the human race was under attack from a deadly Syndrome, but when a cure was found - in the form of genetically engineered human beings, Gems - the line between survival and ethics was radically altered. Now the Gems are fighting for their freedom, from the oppression of the companies that created them, and against the Norms who see them as slaves. And a conference at which Dr Eli Walker has been commissioned to present his findings on the Gems is the key to that freedom. But with the Gemtech companies fighting to keep the Gems enslaved, and the horrifying godgangs determined to rid the earth of these 'unholy' creations, the Gems are up against forces that may just be too powerful to oppose.

Book one of the New York Times-bestselling All Souls trilogy—"a wonderfully imaginative grown-up fantasy with all the magic of Harry Potter and Twilight " (People). Look for the hit TV series " A Discovery of Witches, " streaming on AMC Plus, Sundance Now and Shudder. Season 2 premieres January 9, 2021! Deborah Harkness’ s sparkling debut, A Discovery of Witches, has brought her into the spotlight and galvanized fans around the world. In this tale of passion and obsession, Diana Bishop, a young scholar and a descendant of witches, discovers a long-lost and enchanted alchemical manuscript, Ashmole 782, deep in Oxford’s Bodleian Library. Its reappearance summons a fantastical underworld, which she navigates with her leading man, vampire geneticist Matthew Clairmont. Harkness has created a universe to rival those of Anne Rice, Diana Gabaldon, and Elizabeth Kostova, and she adds a scholar’s depth to this riveting tale of magic and suspense. The story continues in book two, Shadow of Night, and concludes with The Book of Life.

" High emotional stakes and an intriguing premise make this first entry in Foster’ s (When Autumn Leaves) new trilogy a solid next-read for those who enjoyed Pierce Brown’ s Red Rising or Veronica Roth’ s Divergent." -- Library Journal An alternate reality that feels all-too-real, The Rift Uprising is the explosive start to a new trilogy that blurs the line between parallel universes—not to mention YA and adult science fiction—from acclaimed lyricist and storyteller Amy S. Foster. Normal seventeen-year-old girls go to high school, binge watch TV shows all weekend, and flirt with everyone on the face of the Earth. But Ryn Whitaker is trying to save it. Ryn is a Citadel. A soldier. A liar. Ryn and her fellow Citadels were specially chosen and trained to guard a Rift—one of fourteen unpredictable tears in the fabric of the universe that serve as doorways to alternate Earths. Unbeknownst to her family, Ryn leaves for school each day and then reports for duty as an elite, cybernetically-altered soldier who can run faster, jump farther, and fight better than a Navy SEAL—which comes in handy when she’ s not sure if axe-wielding Vikings or any number of other scared and often dangerous beings come through the Rift. A fine-tuned weapon, Ryn is a picture-perfect Citadel. But that’ s all about to change. When a young man named Ezra is pulled through the Rift, Ryn finds herself immediately drawn to him, despite her training. What starts as a physical attraction quickly grows deeper, and Ezra’ s curiosity throws Ryn off balance when he starts questioning the Rifts, the mysterious organization that oversees them, and the Citadels themselves—questions that lead Ryn to wonder if the lies she’ s been telling her family are just the surface of a much bigger lie told to her. As Ryn and Ezra desperately try to get to that truth, they discover that each revelation blurs the line between the villains and the heroes even more.

Hugo Award Finalist: A near-future novel of artificial intelligence, human nature, and mass murder that " succeeds on virtually every level " (The New York Times Book Review). In Los Angeles in 2047, advances in the science of psychology have made crime a rare occurrence. So it’ s utterly shocking when eight bodies are detected in an apartment, and not long afterward the perpetrator is revealed as well: noted poet Emmanuel Goldsmith. The LAPD’ s Mary Choy—who has had both her appearance and her police work enhanced by nanotechnology—is tasked with arresting the killer, while psychotherapy pioneer Martin Burke prepares to explore his mind. Meanwhile, Goldsmith’ s good friend and fellow writer reels at the news—while, far from all of them, a space probe makes a startling discovery. This " excellent " novel about technology, identity, and the nature of consciousness is a thought-provoking stunner by the Nebula Award–winning author of the Eon series and the Forerunner Saga (Chicago Tribune).
