H. J. Bernardin, D. K. Cooke, P. Villanova. *Medicine, Psychology. The Journal of applied psychology*. 1 April 2000. The authors studied the relationship between the Big Five personality factors and rating elevation among 111 students making peer evaluations. It was hypothesized that Conscientiousness (C) scores.... Expand.

Provides theoretical and experiential approaches while focusing on the enhancement of the personal competencies of the students. After students are given the conceptual background and content, they participate in exercises requiring the application of chapter content to specific problems designed to develop personal competencies.

The Sixth Edition of Human Resource Management focuses on the enhancement of personal competencies while providing a theoretical and experiential approach to the study of human resource management (HRM). The authors provide the conceptual background and content necessary to understand the relevant issues in HRM, along with individual and group exercises that require the application of chapter content to specific problems designed to develop critical personal competencies. Students “learn by doing” by participating in experiential exercises that require the application of HRM knowledge expected of practicing managers and HR generalists.
