Combining superb writing with scathing wit, American Satire is literature with a laugh and history with a hiss. It stands as a definitive demonstration of what the land of the free-speaking and home of the unafraid is all about.

Embroiderers will welcome this delightful collection of charted designs by Gerda Bengtsson, considered one of the greatest living designers of counted cross-stitch designs. Here are more than 40 exquisite florals, including such favorites as Buttercups, Anemone, Pansies, Spring Flowers, Iceland Poppy, Crowberry, Lapland Rhododendron, Wild Fruit, Sweet Violet, Lady's Mantle, Stone Bramble, and Hare's-Foot Clover. All of the designs are color keyed to both D.M.C. and Danish Flower Thread embroidery floss, and because the chart makes it easy to vary the size of the design they can be used to decorate anything from small pillows to bedspreads. The patterns lend themselves to use not only in cross-stitch, but also needlepoint, rug-hooking, crochet, and other forms of counted thread embroidery.

Crime Types and Criminals is an essential introduction to the study of criminology, focusing on crime types in particular. This book provides broad coverage of all major crime types, as well as coverage of research methods and theory. This book can be used both as a stand-alone and supplementary text in courses such as introduction to criminology, crime and society, deviant behaviour, crime profiling, and many other courses within the criminology and criminal justice discipline. Unlike many of the current criminology books on the market, this is a brief book that really talks about all kinds of crime and criminals in detail in a way to capture and retain student interest.
