No War, No Peace: Life and Death in Eritrea 12 min read. Thirty years after Eritrea gained independence from Ethiopia, there has hardly been any meaningful development in this small nation in the Horn of Africa. On the contrary, the government's authoritarian policies have undermined democracy and forced young people to flee the country.

RITA MAZZOCCHI - No War, No Peace: Life and Death in ...

It is a sombre scene, but one that could easily be a depiction of a funeral in the late Iron Age. Yet this image is a reconstruction of life and death in the early Romano- British countryside. Seemingly little has changed, but appearances are deceptive. The text comprises six principal chapters, book-ended by an introduction and conclusion.

Review - Life and Death in the Countryside of Roman ...

The Life and Death of Colonel Blimp is a 1943 romantic drama war film written, produced and directed by the British film making team of Michael Powell and Emeric Pressburger. It stars Roger Livesey, Deborah Kerr and Anton Walbrook. The title derives from the satirical Colonel Blimp comic strip by David Low, but the story itself is original.

The Life and Death of Colonel Blimp - Wikipedia

Life and death is a fundamental concept in the game of Go, where the status of a distinct group of stones is determined as either being "alive", where they may remain on the board indefinitely, or "dead," where the group will be lost as "captured". The basic idea can be summarized by: A group must have two eyes to live.

The psalmist valued his life for the opportunity it afforded to him to worship God, and the real tragedy of death was that his worship, so long enjoyed as the essence of life, would be silenced. These verses are not a commentary on death or the afterlife so much as they are a commentary on the real value and true essence of life in this world.

reporting and personal experiences into a taut and cautiously hopeful narrative.... Egan's book is bursting with life (and yes, death)." —Robert Moor, New York Times Book Review The Great Lakes—Erie, Huron, Michigan, Ontario, and Superior—hold 20 percent of the world's supply of surface fresh water and provide sustenance, work, and recreation for tens of millions of Americans. But they are under threat as never before, and their problems are spreading across the continent. The Death and Life of the Great Lakes is prize-winning reporter Dan Egan's compulsively readable portrait of an ecological catastrophe happening right before our eyes, blending the epic story of the lakes with an examination of the perils they face and the ways we can restore and preserve them for generations to come.

Thirty years after its publication, The Death and Life of Great American Cities was described by The New York Times as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

The award-winning book that inspired an Apple Original series from Apple TV+ • Pulitzer Prize winner Sheri Fink's landmark investigation of patient deaths at a New Orleans hospital ravaged by Hurricane Katrina—and her suspenseful portrayal of the quest for truth and justice. In the tradition of the best investigative journalism, physician and reporter Sheri Fink reconstructs 5 days at Memorial Medical Center and draws the reader into the lives of those who struggled mightily to survive and maintain life amid chaos. After Katrina struck and the floodwaters rose, the power failed, and the heat climbed, exhausted caregivers chose to designate certain patients last for rescue. Months later, several of those caregivers faced criminal allegations that they deliberately injected numerous patients with drugs to hasten their deaths. Five Days at Memorial, the culmination of six years of reporting, unspools the mystery of what happened in those days, bringing the reader into a hospital fighting for its life and into a conversation about the most terrifying form of health care rationing. In a voice at once involving and fair, masterful and intimate, Fink exposes the hidden dilemmas of end-of-life care and reveals just how ill-prepared we are for the impact of large-scale disasters—and how we can do better. A remarkable book, engrossing from start to finish, Five Days at Memorial radically transforms your understanding of human nature in crisis. One of The New York Times' Best Ten Books of the Year

What is the point of living? If we are all going to die anyway, if nothing will remain of whatever we achieve in this life, why should we bother trying to achieve anything in the first place? Can we be mortal and still live a meaningful life? Questions such as these have been asked for a long time, but nobody has found a conclusive answer yet. The connection between death and meaning, however, has taken centre stage in the philosophical and literary work of some of the world's greatest writers: Fyodor Dostoyevsky, Leo Tolstoy, Soren Kierkegaard, Arthur Schopenhauer, Herman Melville, Friedrich Nietzsche, William James, Ludwig Wittgenstein, Marcel Proust, and Albert Camus. This book explores their ideas, weaving a rich tapestry of concepts, voices and images, helping the reader to understand the concerns at the heart of those writers' work and uncovering common themes and stark contrasts in their understanding of what kind of world we live in and what really matters in life.

For fans of the worldwide phenomenon Twilight comes a bold reimagining of Stephenie Meyer's novel, telling the classic love story but in a world where the characters' genders are reversed. There are two sides to every story . . . You know Bella and Edward, now get to know Beau and Edythe. When Beaufort Swan moves to the gloomy town of Forks and meets the mysterious, alluring Edythe Cullen, his life takes a thrilling and terrifying turn. With her porcelain skin, golden eyes, mesmerizing voice, and supernatural gifts, Edythe is both irresistible and enigmatic. What Beau doesn't realize is the closer he gets to her, the more he is putting himself and those around him at risk. And, it might be too late to turn back . . . With a foreword and afterword by Stephenie Meyer, this compelling reimagining of the iconic love story is a must-read for Twilight fans everywhere. The series has been praised as New York Times and USA Today bestsellers, a Time magazine Best Young Adult Book of All Time, an NPR Best Ever Teen Novel, and a New York Times Editor's Choice. Enrapturing millions of readers since its first publication, Twilight has become a modern classic, leaving readers yearning for more. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

Discusses the philosophy and techniques of mental healing as a way of preparing for and accepting death, and includes meditations for this purpose

Homicide detective Alex Drummond is confronted with the past through his son's innocent question. Alex's tale of his troubled senior year unfolds

revealing loss, drunken abuse, and mysterious visions of murder and demonic children. Is he going insane? With the help of his close friend Paige Kurtley, Alex must find the source of his misfortune and ensure his sanity. "A well written story that flows off the page." Coral Russell, author of Amador Lockdown "Another awesome book by Weston Kincade - a paranormal coming-of-age mystery page turner. I could not put it down... I promise you will not be disappointed with this one." Chantale, Geeky Girl Reviews "A Life of Death is a completely amazing story. Fans of paranormal mystery and suspense stories should enjoy this book. Definitely give it a read as soon as you can!" K. Sozaeva, Now is Gone "A Life of Death is my favorite kind of book, characters' emotions are painted in details. It's so vivid and alive I get a sense that Alex, the main character, is a younger version of Weston himself. This book is beautiful in unexpected ways." Helmy Parlente Kusuma, author of There is Hope "A Life of Death is quite simply, absolutely superb. I loved this book, it was an emotional and entertaining journey that had me hooked." David King, An Eclectic Bookshelf "A very good story." Kathleen Brown, author of The Personal Justice Series "The title drew me in and the novel itself is an experience that should not be left unread." Bruce Blanchard, author of Demon's Daughter "Mr. Kincade did a wonderful job telling this story. The characters are well developed and easy to relate to. I cannot tell you how much I enjoyed this book." Christi, Alaskan Book Cafe

In *A Life in Death*, Detective Richard Venables shares extraordinary true stories from a career in disaster victim identification.

"To prepare yourself to make difficult medical decisions in a distinctly Christian way, you won't do better than to read *Between Life and Death*." -Tim Challies Modern medical advances save countless lives. But for all their merits, sophisticated technologies have created a daunting new challenge, namely a blurring of the expanse between life and death. The dying process is often hidden behind a complex web of medical terminology, statistics, and ethical decisions, making it difficult for patients and loved ones to know how to approach the end of life in a dignity-affirming, God-honoring, faith-filled way. This book offers a distinctly Christian guide to end-of-life care. It equips readers by explaining common medical jargon, exploring biblical principles that connect to common medical situations, and offering guidance for making critical decisions. In these pages, readers will find the medical knowledge and scriptural wisdom they need to navigate this painful and confusing process with clarity, peace, and discernment.

Emergencies—landing a malfunctioning plane, resuscitating a heart attack victim, or avoiding a head-on car crash—all require split-second decisions that can mean life or death. Fortunately, designers of life-saving products have leveraged research and brain science to help users reduce panic and harness their best instincts. *Life and Death Design* brings these techniques to everyday designers who want to help their users think clearly and act safely.
