making organizational change the centerpiece in a discussion of organizational theory and design, this text stands apart from other books on the market.

Organizations must adapt to changing and often challenging environments. This third Canadian edition helps students understand and design organizations for today ' s complex environment. The concepts and models offered in this text are integrated with changing events in the real world, presenting the most recent thinking and providing an up-to-date view of organizations. Detailed Canadian examples and cases capture the richness of the Canadian experience, while international examples accurately represent Canada ' s role in the world.

Text and cases studies of organisational change.

Organizing involves continuous challenges in the face of uncertainty and change. How is globalization impacting organizations? How will new strategies for a turbulent world affect organizational design? In this second edition of Organization Theory and Design, developed for students in the UK, Europe, the Middle East and Africa, respected academics Jonathan Murphy and Hugh Willmott continue to add an international perspective to Richard L. Daft ' s landmark text. Together they tackle these questions in a comprehensive, clear and accessible study of the subject.

In today's volatile business environment, it is more important than ever that managers, whether of a global multinational or a small team, should understand the fundamentals of organizational design. Written specifically for executives and executive MBA students, the edition of this successful book provides a step-by-step 'how to' guide for designing an organization. It features comprehensive coverage of the key aspects of organizational design, including goals, strategy, process, people, coordination, control and incentives. These aspects are explained through the use of a unique series of 2 x 2 graphs that provide an integrated, spatial way to assess and plan organizational design. The new edition features a number of important improvements, including a new framework for understanding leadership and organizational climate, the introduction of the concept of manoeuvrability and a completely new chapter examining joint ventures, mergers, partnerships and strategic alliances.
