starting point for many educators who know nothing of the technology and assist them in deciding whether this technology is worth pursuing as an educational tool in specific situations. Although not comprehensive, the listings reflect a good portion of the videodisc-related products available today and the prices provide a good indication of the general price range of specific items. The handbook contains 10 chapters: (1) Introduction to Videodiscs; (2) Overview of Laser Disc Systems; (3) Selecting a Laser Videodisc Player; (4) Video Playback Units; (5) Videodisc Interface Units; (6) Disc Player Peripherals; (7) Videodisc System Packages; (8) Educational Videodisc Software; (9) Interactive Videodisc Authoring Languages; and (10) Videodisc Care and Maintenance. Appendices include directories of laser disc players; television monitors and projects; laser disc interfaces; laser disc peripherals; laser disc system packages; videodisc software (listed by subject area); videodisc mastering options; interactive authoring languages; service information; and videodisc resources, which includes a manufacturer's index. YOU CAN'T MAKE THIS STUFF UP! The woman who couldn't stand the discomfort of having a callus on her right foot, so she blew off her big toe with a shotgun . . . Radio personality John "Kato" Machay's lively compilation of news stories, headlines, and courtroom gaffes proves hands down that truth is dumber than fiction! This new edition of How People Tick is a practical guide to over 50 types of difficult people such as Angry People, Blamers, Impatient People, Workaholics and Gossips. Each difficult situation is described, how it happens is analysed, and then strategies to help you deal with the problem are suggested. Disruptive behaviour patterns can be addressed once and for all, instead of having to handle one-off 'difficult' events, time and time again. Absolutely invaluable to everybody, How People Tick is full of tried and tested tips for handling 'difficult' people in 'difficult' situations, based on a real understanding of their behaviour. It is an essential read if you find people bewildering or just plain difficult, and yet still want to understand them, work with them and live with them.
